

### Job Opportunity: Arborist / Tree Specialist

**Location:** Aldersyde, Alberta

**Company:** Alberta Tree Farms

#### About Us:

Alberta Tree Farms is one of Alberta's leading nurseries, specializing in growing prairie-hardy evergreens, deciduous, and fruit trees for municipalities, developers, and homeowners. We are committed to excellence in quality, sustainability, and innovation across our growing operations and projects throughout Alberta.

#### Position Overview:

We are seeking a skilled and motivated **Arborist / Tree Specialist** to join our team. The ideal candidate will have strong technical knowledge of tree species, pest and disease management, and practical experience in tree care, pruning, and health inspections. This position plays a key role in ensuring the quality and health of all trees before, during, and after shipment.

#### Key Responsibilities:

- Perform pruning, shaping, and corrective trimming on nursery and field-grown trees.
- Identify and diagnose tree pests, diseases, and nutrient deficiencies.
- Conduct routine quality inspections and assessments on trees across all growing areas.
- Inspect and document the condition of incoming and outgoing tree shipments.
- Assist with annual tree inventory, tagging, and record-keeping.
- Able to assist / apply pesticides and treatments safely in compliance with provincial regulations.
- Maintain tools, spraying equipment, and pruning gear in proper working order.
- Work collaboratively with the growing, shipping, and maintenance teams to ensure high standards of tree health and appearance.

#### Qualifications & Skills:

### Job Opportunity: Arborist / Tree Specialist

- Certified Pesticide Applicator License (Landscape or Agriculture) – **not required / Asset if have.**
- Minimum 2–3 years of experience in arboriculture, horticulture, or nursery production.
- Strong knowledge of prairie-hardy tree identification and common diseases/pests in Alberta.
- Ability to assess tree health and recommend appropriate treatment plans.
- Familiarity with tree inventory systems and documentation.
- Physically fit, with the ability to work outdoors in various weather conditions.
- Valid driver's license and reliable transportation.

#### Why Join Us:

- Work with a passionate team that values sustainability and quality.
- Opportunities for growth and seasonal training.
- Competitive wages based on experience and certifications.
- A hands-on role that contributes to greening Alberta communities.
- Health / dental benefits.

#### How to Apply:

Email your resume and a brief cover letter to [info@albertatreefarms.com](mailto:info@albertatreefarms.com) with the subject line "**Arborist / Tree Specialist Application – [Your Name]**".

## Equipment Operator / Crew Lead – Tree Planting & Landscaping

### About Us:

Alberta Tree Farms is a leading prairie-hardy tree nursery and landscaping company, supplying and planting trees for municipalities, developers, and private clients across Alberta. Our team focuses on quality workmanship, safety, and sustainable land development.

### Position Overview:

We are looking for an experienced **Equipment Operator / Crew Lead** to join our growing team. This position involves operating skid steers, mini-excavators, and related landscape equipment for tree planting, site preparation, grading, and material handling. The ideal candidate will also have leadership skills to manage planting crews and ensure work is completed efficiently and safely.

### Key Responsibilities:

- Operate skid steers, excavators, and other landscaping machinery for tree planting and site preparation.
- Supervise and coordinate field crews during planting, grading, and material installation.
- Ensure safe equipment operation and compliance with site safety standards.
- Load, unload, and position trees and materials using appropriate attachments.
- Perform basic equipment maintenance and daily safety checks.
- Assist with layout, trenching, soil prep, and irrigation setup when required.
- Work closely with project leads to ensure timelines and quality standards are met.
- Tree and landscape knowledge is an **asset** — including planting techniques, root ball handling, and aftercare.

### Qualifications & Skills:

- Minimum 2 years of experience operating skid steers and/or mini excavators.
- Class 5 driver's license (Class 3 or 1 is an asset).

## Equipment Operator / Crew Lead – Tree Planting & Landscaping

- Experience leading or working with landscape or construction crews.
- Strong understanding of job site safety and daily reporting.
- Physically fit and able to work outdoors in all weather conditions.
- Tree or horticulture experience preferred but not required.

### Why Join Us:

- Competitive hourly wages based on experience and certifications.
- Steady seasonal work with opportunities for year-round employment.
- Training and advancement opportunities within Alberta Tree Farms and partner operations.
- Supportive team culture focused on growth, quality, and professionalism.

### How to Apply:

Email your resume to [info@albertatreefarms.com](mailto:info@albertatreefarms.com) with the subject line “**Equipment Operator / Crew Lead Application – [Your Name]**”.
