

## Landscape Construction Crew Leader

At Fiddler's Green Landscaping, based right here in Calgary, we're all about transforming outdoor spaces into stunning landscapes our clients love year-round. From construction and gardening to tree care and winter services, our passion runs deep—and we want a Crew Leader who shares that spark.

### What's the gig?

You'll be the go-to leader steering a small but mighty landscape construction crew—driving the truck and trailer to job sites, hands-on alongside 1-2 crew members. Your expert construction skills and plant savvy will guide the team as you help build beautiful, lasting spaces.

### Your Mission:

- Join customer meetings as needed, keeping communication smooth between the field and office
- Lead by example: work alongside your crew, support, train, and motivate them daily
- Keep our tools, trucks, and equipment in top shape — maintenance and care matter!
- Own safety: watch for hazards, conduct inspections, and keep everyone protected
- Manage work assignments like a pro, maximizing productivity and quality every day
- Track daily progress with accurate paperwork on materials and labor
- Bring fresh ideas to the table for improving how we work and what we use
- Know the project inside out — specs, expectations, and customer satisfaction are your compass
- Always push for work that shines above and beyond

### You Bring:

- Top-notch communication skills — clear and confident
- Real experience running equipment: excavator, skid steer & gas-powered tools
- A valid Class 5 driver's license with a clean record for towing trailers
- Strong back and endurance to lift 50+ lbs and keep up a fast pace
- 3+ years in residential landscape construction covering: woodwork, retaining walls, patios, grading, planting, mulching, and plant care
- Solid understanding of construction best practices, safety, and reading plans
- Your own cell phone to clock in

### Perks That Make You Smile:

- Health Spending Account for your well-being
- Annual Boot & Glove Allowance because safety and comfort come first
- Stylish Company Clothing Program to rock on site
- Paid education to keep you sharp and growing
- **Year-round work**—from pruning and snow removal to construction season
- A professional, goal-driven team culture where your leadership matters
